CHURCH CHATTER.

Rev. J. T. Sharrard preached twice at Somerset Sunday.

George Elliott, of Franklin, Tenn., fainted and fell while giving his experience in a church and was so badly hurt that he will die.

Mrs. Mercy Gray, who has given \$250,000 to the Baptist church since the death of her husband a few years ago, is dead at Oakland, Cal., aged 79.

Quarterly meeting services will be held at the Methodist church at Highland next Saturday and Sunday. Rev. J. D. Walsh, of Lexington, presiding.

His congregation at Lexington has induced the Rev. J. T. Boyet to withdraw his acceptance of the call to the Third-Avenue Baptist church, Louisville. They will build him a new church and increase his salary.

The word "girl" appears once in the Bible, and the plural "girls" is found also one time. And another singular fact is, the word "angel" in the Bible is invariably used in the masculine gender and never applies to females.

Dr. E. M. Green, of Danville, was accorded the high honor of election as moderator of the General Assembly of the Presbyterian church in session at New Orleans. There were five nominations and he received 96 votes. His election was then made unanimous.

The Annual State Convention of the Kentucky Sunday-school Union will be held in Paducah on June 14-16. A most attractive and practical program has been arranged. Entertainment will be provided for all accredited delegates on condition that their names are enrolled on or before June 13 with Rev. W. H. Pinkerton at Paducah. All the railroads in the State have made a rate of one fare for the round trip on presentation of credentials.

GOOD FISHING IN FOREIGN WATERS.

Uncle Sam's Catch of "Spanish Mackerel."

IN THE GALLOP OF BITTERNESS

IS THIS PREACHER, WHO HAS PROBABLY JUMPED INTO THREE PENITENTIARIES.

CRAB ORCHARD, May 21.—I do not "take my pen in hand" to espouse the cause of whisky, which is a great evil that is regulated by State and National law, but to answer "A Friend." If the preacher "under bonds" has retarded the manufacture of a barrel or hindered the drinking of a drop, I am sure no one here is aware of it. And if the dear, good man or any of his adherents think so, 'tis certainly another case of the ass, which carrying the sacred dust of the departed hero upon his back through a large city, thought that the honors and praise, the boughs and the flowers strewn in the way by the people, were intended for himself and put on lofty airs. Gover and Wallen sell no less; James makes no less nor more. The preacher's efforts against the whisky traffic here is another case of the gnat asking pardon of the bull for resting on his horn—"I did not know you were there."

The preacher has, by detention of Judge Walker's report and destruction of the draft, obstructed the report of a revenue officer and delayed collection of revenue, for which he is liable to a heavy penalty and to the visitation of a U. S. marshal as soon as the facts are made known to the district collector. In regard to the postal laws the case is not quite so clear. But I take it that whenever one buys a postage stamp from the government and puts that upon an envelope and writes a letter and inserts it in the envelope and seals it up there is a contract between the writer and the government to carry that letter to its destination anywhere in the United States. The interest of the government attaches right here and now and if anyone by force, fraud, deception or finding gets possession of that letter and destroys it or its valuable contents, as a draft, check or note is liable under the postal laws to confinement at hard labor not less than one nor more than five years. This may be ground for debate, there is none in the former case.

Now as to larceny under State law, it is not necessary to steal to gain, by another's loss, it is enough to steal to destroy. 'Tis not necessary to "take and carry away" in all cases. 'Tis enough if you find or obtain possession by mistake and then convert to your own use. This is larceny also.

The sacredness of the sacerdotal robe may save this erratic ambassador of the skies from legal punishment in the State and National court, but that alone will shield him. The letters were not "improperly addressed," J. B. Owsley, Stanford, Ky., plain enough, "Collector Internal Revenue, Danville, Ky. Official business" in large print plain enough. The letter to Kessler & Co., Chicago, Ill., in large print plain enough. This last letter, with its printed address, made such an indelible impression upon the mind of the sacred divine that in speaking of his cook, the preacher called her Julia Kessler all the time; and when I called his attention to the fact, he admitted it was true he did so, but could not assign the reason for it. Yet he said in his testimony he could not make out the address. And yet he had committed one address to memory! When late Wednesday evening I went after the letters and draft and told him who I was and that we only wanted letters, reports, drafts and that would end it, he told me he had burned them that day. I said, "What time in day?" he said, "In

the morning." Yet he swore he burned them Tuesday morning. This perhaps was only a dislocation of memory. As to why I asked him if he were crazy, I said: "Why I ask you this rude question, is because who but a crazy man would get possession of three letters not concerning him, but of great interest and value to the sender and sender, and in which he had no pecuniary interest and take them into the sacred pulpit, take a text upon them, preach a sermon from them and keep them three days and destroy them?"

I will admit that I deserve much sympathy for the hard squeezing of my hands by admiring friends when the case was concluded. Among these Judge Walker, C. McClure and many others competent to judge, Col. J. P. Chandler saying "Bobbitt, I am sorry for that preacher and his lawyer; go up there and tell that court to reduce his bail to \$100." Dr. Browning, of Indianapolis, never speaks of the case now only as a "roasting." I have a faint echo of a recollection that some lady made the remark about Battle Row, but I can not now recall who it was, and I hope I never shall because modest, delicate men like myself and the beautiful refined ladies to whom I quote poetry and weave garlands of classic beauty for their brows, are like the disciples. They do not so much as know that there be a Battle Row.

My letters and speeches have one grand virtue and merit, I am always personally responsible for what I say and write, and my postoffice address is always at the beginning of my letter and my name always appended to the bottom.

POLITICAL POINTS.

The Seventh Kansas District Populist Convention renominated Hon. Jerry Simpson for Congress by acclamation.

Populists of the First Congressional District met at Princeton and nominated Ben C. Keys on the first ballot. Anti-fusion resolutions were adopted.

George D. Todd has announced his candidacy for Congress, in the Louisville district, just as the committee was about to declare Hon. Walter Evans, the party's candidate for re-election.

Gov. Bradley refused to make a requisition on the governor of Illinois for the Negro, Bob Black, charged with assaulting a 12-year-old girl at Mayfield, because "the wholesale slaughter of Negroes by mobs in Graves county and the failure to punish their murderers satisfies me that to have this man sent back there would be to have him sent to his death, and that he could not obtain even a semblance of a fair trial. If guilty he deserves death, but punishment should be inflicted by law and not by mob."

E. P. Barlow, a Barren county deputy sheriff, has deserted and left his company at Lexington.

When You Have a Bad Cold

You want the best medicine that can be obtained and that is Chamberlain's Cough Remedy.

You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectation easy.

You want a remedy that will counteract any tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's Cough Remedy is the only medicine in use that meets all of these requirements. This remedy is famous for its cures of bad colds throughout the United States and in many foreign countries. It has many rivals, but for the speedy and permanent cure of bad colds, stands without a peer and its splendid qualities are everywhere admitted and praised. LANCASTER.

Lieut. Farra talked interestingly of the prospects of Company L., 2d regiment. He says that in the Battalion line Company L. is only 3d from the front and in battle there would only be two companies in front of "our boys." The boys all seem well pleased both with their treatment and their officer; they know that they are under immediate marching orders, but know nothing of their destination.

After funeral services at the Presbyterian church by Rev. H. N. Paulson the remains of Mrs. Sallie Palmer were laid to rest in the Lancaster Cemetery Sunday afternoon. She was the wife of Mr. J. T. Palmer, the well-known tobacco buyer of Richmond, and formerly of this place. Mrs. Palmer, while living here, formed a host of friends and her loss is deeply regretted by all who knew her. She leaves two children aged respectively 12 and 14 years.

J. H. Patterson, a Lebanon attorney, was here last week. J. B. Douglass and wife, of Corbin, were visiting Tom Hammond. Messrs. J. A. and R. A. Burnside, John M. Duncan and Tom Robinson spent Sunday with the boys at Camp Collier. Lieuts. Farra and Wherritt, Privates C. J. and W. D. Walker, Ned Burdett, Hughes Aldridge, Dick Moore, Will Marksburg, Jeff Cheatham and Harry Robinson and Capt. Mike Salter are at home on 48 hours furlough. County Attorney Letcher Owsley is confined to his room with malarial fever. F. P. Meister, a former Lancaster boy, was here with Cooper & Co.'s band. We are pleased to note that S. D. Rothwell, who fell from a scaffold at Dripping Springs, sustained only slight injuries.

MATRIMONIAL MATTERS.

Wm. King, a soldier from Paris, got a two days' furlough and going home married Miss Elizabeth Sartain.

Thomas Morris, aged 64 and twice a widower, was married at Scottsville to Mrs. Lucy Middleton, a widow of 72.

John Allison, of Lakeview, Ill., was so worried because his wife paid a big price for her Spring hat that he has lost his mind.

Thomas Wilcher, of Ravenswood, O., is wanting for attempting to poison his mother-in-law, who made her home at his house against his wishes.

Mr. and Mrs. E. Maynard, of Logan, O., celebrated the seventieth anniversary of their marriage on the 19th. Mr. Maynard is 94 and Mrs. Maynard 91 years of age.

A. T. Herd, formerly of Kentucky, now of Prescott, Ariz., was married the 12th to Miss Susie Junius, of Harrodsburg, Ky., at the home of her uncle, J. Harper Junius, at Long Island City, N. Y. They will make their home in Prescott.

The president has appointed ex-Banker Carlos Carbonel, of Cuba, an aide on Gen. Fitzhugh Lee's staff. It is said that he assisted Karl Decker in liberating Miss Evangelina Cisneros from a Cuban castle, and that on their way to this country they fell in love and are shortly to marry.

The marriage of Rev. Henry N. Faulconer and Miss Margaret Mason will take place at the Presbyterian church, in this city, Wednesday evening, June 8th, at nine o'clock. The ceremony will be performed by Dr. J. L. McKee, and there will be a number of attendants, friends of both the contracting parties. There will be no formal invitations issued, but all are invited.—Lancaster Record.

Tolerably good pictures of the handsome pair appeared in Saturday's Courier Journal, but the types got the prospective Benedict's name Henry C. Flower.

A Boston friend observing how military commissions are being granted to some favorite sons, sends us the following very apt parody:

Sons of great men all remind us
How to make our lives sublime;
For, with father's lives behind us,
We can get there every time.

Lexington is on a boom and all because of her public spiritedness. A big brewery is about completed; work on the \$130,000 court-house will begin this week; a \$40,000 city hall is likely to be built this Summer; the State Reform School contracts will be let in about 10 days, and the Odd Fellows' Widows' and Orphans' Home will be built this Summer.

Gov. Black, of New York, has issued an order disbanding the 13th regiment of the National Guard for disobedience of orders. They refused to obey the order directing them to go to Hempstead, L. I., on the plea that the regiment, being mustered into the regular army, would lose its identity and its splendid new armory at New York.

M. E. Elisha Berry, of this place, says he never had any ting do him so much good and give such quick relief from rheumatism as Chamberlain's Pain Balm. He was bothered greatly with shooting pains from hip to knee until he used this balmment which affords prompt relief.—B. F. Baker Druggist, St. Paris, Ohio. For sale by Craig & Mocker, Stanford, Ky.

THE INTERIOR JOURNAL

STANFORD, KY., - MAY 24, 1898

W. P. WALTON.

THE report which was published Sunday that the American fleet had met the Spanish fleet near Santiago and destroyed it, with only slight damage to two of its own ships, proved a fake as might have been expected. The Spanish Admiral, Cervera, seems to be too sharp for our men, but unless he has slipped out of Santiago, as easily as he slipped in, the chances are that he will have to face Sampson and Schley, both of whose fleets are said to be in that neighborhood. It is expected therefore at Washington that a big battle will occur in a day or two at farthest. Cervera's intention is to avoid a fight, at least until he can be reinforced, as he is soon to be, for it is sent out that two more squadrons are to be ordered from Spain to Cuban waters at once. It is the intention of the new Spanish cabinet to push the war vigorously. Pity 'tis that Americans can not make a change of some sort so that this masterly inactivity would end.

It is again announced that Cuba is to be invaded this week, but the announcement has been made so often that no one will believe it, till the troops actually leave. This time it is said that the invading army will be 70,000 strong and that it will go whether Cervera's fleet is destroyed or not.

The expedition for the relief of Dewey seems to have been unreasonably, criminally, delayed. He won his great battle May 1 and cabled that he would not attempt to occupy Manila till he was reinforced and yet not a single American soldier is within 7,000 miles of him, while Spain is threatened to send a fleet that may demolish him. It takes time of course to get things ready, but it shouldn't have taken month to start soldiers on their long sail to the Philippines.

The country is getting tired, mighty tired of what it regards as criminally delay and are beginning to think that there is a power behind the throne, which is manipulating the administration at its own sweet will.

THE Hopkinsville Company, known as the Latham Guards, has gone to pieces. When the company left for Lexington, Col. Latham, for whom it was named, presented it with \$1,000. The captain seems to have used a good amount of the money for intoxicants and high rolling, for he had to be relieved for unfitness for duty. To let him down as easy as possible, Gov. Bradley appointed Noel Gaines captain and ordered Feland to Hopkinsville and recruit another company, but the young man didn't know when he was receiving a kindness and made a kick, which caused Gen. Collier to give out the real reason of order. Feland claims that the governor's action is due to the fact that he and his family opposed his presidential aspirations and some of his friends met at Hopkinsville and went through that cheap way of showing displeasure by denouncing Gov. Bradley. Some two-thirds of his men, who were doubtless glad of the chance, followed the captain home, but four of the non-commissioned officers and 26 men remained and Capt. Gaines says he will have no trouble in filling the company.

THE white paper on which The Echo is printed has increased in price 25 per cent in the past two months.—London Echo. True, alas too true. But the Echo is too much of a partisan to tell the reason, which is because a republican robber tariff bill passed since McKinley's inauguration, put a practically prohibitive duty on paper and makes trusts possible. Months ago we told of the formation of a monster paper trust and prophesied the outcome. The government gets nothing by the measure. The trust gets the 25 per cent. increase of which Bro. Dyche complains.

A GREATER per cent. of the Louisville Legion was rejected than from any of like number. There are two reasons for it: City cigarette smoking dudes are not of the material of which soldiers are made and the examining surgeon said some that might have passed feigned disabilities. It is one thing to be a parlor soldier. It is a different thing to go to war and be shot down by a measly Spaniard.

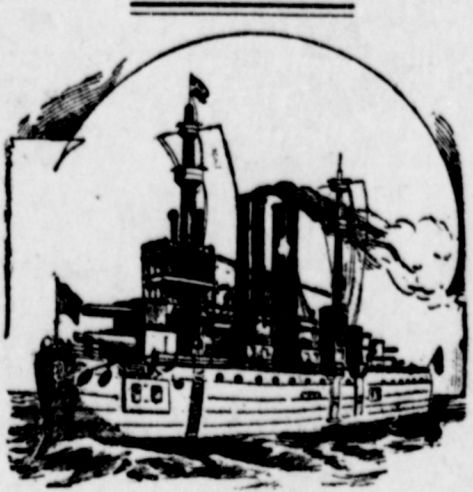

CAPT. BALLANCE and the balance of those in charge at Camps Collier and Bradley seem inadequate for the duties imposed on them. Fully three weeks have passed and yet but one regiment is ready for service and that only partially so. This is making haste very slowly and if that had not also been the policy of the administration, the war might have been over before any of our men were ready.

A JURY of 12 honest and true men has just decided on their oaths that McKinley carried Kentucky. It was in a suit by an Ohio man to compel a Kentucky stakeholder to pony up, after he had declined to do so because he claimed that as Bryan got one of her 13 votes, McKinley did not carry Kentucky. A very foolish proposition, however, though a much mooted one.

THE Northern Presbyterian Assembly wanted to petition President McKinley not to allow any battles to be fought on Sunday, but better counsel prevailed when it was suggested that great events do not wait on any man's bidding. Many of the most notable battles in the world's history have been fought on Sunday, not we suppose because it was Sunday, but because that appeared to be the day to strike. There is very little sentiment and less religion in grim visaged war.

THE Courier Journal is the only paper that did not make a specialty of the fake news from Santiago Sunday, which leads us again to assert that if it is new and true you will find it in the old reliable.

TIRE of lagging superfluous in the rear, Editor Green R. Kellar will this morning change his Carlisle Mercury to a semi-weekly and here's betting that he will soon catch up with the procession.

THE SECOND KENTUCKY GOES TO CHICKAMAUGA.

ANOTHER SPANISH BOAT CAPTURED.

INVASION OF CUBA NOT COMMENCED.

SPAIN WILL RESORT TO PRIVATEERING.

WAR NEWS VERY BARREN OF INTEREST

WASHINGTON, May 23.—The adjutant general orders the Second Kentucky to move to Chickamauga immediately.

PARIS, May 23.—A Rome dispatch says Italy has protested against Cuban blockade as ineffective.

ST. THOMAS, May 23.—An American cruiser captured a Spanish bark North of San Juan Saturday.

WASHINGTON, May 23.—Congressmen Robbins, of Pennsylvania, and Broussard, of Louisiana, get captain's commissions and go to the front.

WASHINGTON, May 23.—Regarding a current story, Gen. Miles emphatically denies that Cuban invasion is already in progress. Naval experts figure Cervera out of coal and can't elude Sampson any longer.

KEY WEST, May 23.—Special says that the Cuban insurgents are fighting their way to the coast to join invading force.

MADRID, May 23.—Spain seriously considering resorting to privateering.

The volunteer army now numbers 110,000 soldiers.

The president has appointed Duncan Hood, son of the Confederate general, to be a colonel.

The patriotic ladies of Elizabethtown fed 350 of the Wisconsin volunteer troops as they passed through that place.

William Jennings Bryan enlisted in Company A, of the new Third Regiment of Nebraska militia as a private soldier.

Col. Gaither proposes to give the Second Regiment a practice march of two days to the Kentucky river and back this week.

Polo has left America but not until he had established a system of spies, that will keep his government well posted on our affairs.

Gov. Bradley has appointed Mr. W. J. Murphy, Superintendent of the Cincinnati Southern railroad, on his staff, with the rank of colonel.

A private of the first Missouri regiment was killed and a dozen others were wounded in a wreck between Chattanooga and Chickamauga.

The total number of enlisted men in the navy on May 1, 1898, was 20,424, an increase of 80 per cent. over the regular establishment in peace times.

The 29 days of the war which the United States is waging against Spain have cost this country so far about \$80,000,000, or nearly \$3,000,000 a day.

Advices from Havana are to the effect that there is no fear of bombardment there. The military commander of the city says he is well prepared for an attack.

When the two cables from Santiago to Kingston, Jamaica, shall have been cut, Cuba will be cut off from telegraphic communication with the rest of the world.

A dispatch to the London Mail from Hong Kong says that anxiety is felt there because of the non-arrival of American troops, and that the American consulate is crowded with volunteers.

The administration seems at last to

have waked up to the fact that a blunder has been committed in not sooner sending reinforcements to Admiral Dewey, and anxiety to atone for the delay is manifested.

Capt. Joe Garrard, of the Ninth cavalry, arrived yesterday. His mission is to recruit all the colored men he can for the cavalry. A number of colored men have intimated that they wanted to "fine the cavalry".—Middlesboro News.

A member of the Frankfort Company sent this to Col. Gaither and he ordered the fellow drummed out of camp: "I, the undersigned do hereby certify that I am too chicken-hearted and weak head to serve as a soldier in the army. John H. Wallace."

Because Capt. Prater, of the Salyersville troop, is 22 pounds overweight, and because Capt. Perkins, of the Barbourville troop, is three inches too tall, they were rejected, but their companies say they will go with them or not at all and exceptions may be made.

Members of the mustered companies of the Second Regiment have been given vouchers for a month's salary. Their claims are being shaved, 10 per cent. being charged by an enterprising Lexington citizen. They were paid from the time they were ordered out.

A government shipment from St. Louis to Tampa consisted of two car loads of beans, 30,000 pounds to the car; seven or eight car loads of flour; 10 cars of bacon, 300,000 pounds; four cars of soap, 100,000 pounds; 30,000 pounds of miscellaneous supplies and 50,000 pounds of plug tobacco.

Mrs. Lunsford P. Yandell, of Louisville, has been visiting at Camp Bradley. Her only son, Lunsford Yandell, who is a member of C Company, is the only male member of the name left in the Yandell family, and this added to the usual reasons made the consent harder to give than in many cases.

Those who show the white feather are receiving rough treatment at Camp Bradley. Private S. S. Tyler was driven out in disgrace after receiving very rough treatment. Sergeant George F. Schaller, who resorted to a ruse to be rejected by the surgeons, because he was not on good terms with his captain, was advised by Col. Castleman to leave camp and did so.

Gov. Bradley has ruled that the State troops who have left camp can not be treated as deserters, nor can they be arrested and returned, because they are not in the State service as if they were ordered out; neither are they in the United States service. They receive no pay, and can not be retained at Lexington against their will, nor can they be forced into service.

Maj. Gen. Merritt left for San Francisco Saturday en route to the Philippines where he will establish a military government. The occupation army will consist of between 15,000 and 17,000 men, of whom 5,000 will be regulars, and the others the pick of the volunteers. The City of Pekin sailed Sunday with over 1,000 men. Two more ships will soon be ready, and a third transport has been chartered.

tentiary from Owsley county, for stealing. She is an orphan and probably didn't know it was wrong to steal. One of the orphan societies at Frankfort took charge of her.

Details of the tornado, which swept over Northeastern Iowa, Northern Illinois and Southern Wisconsin show that the death list will be a long one and the property loss enormous. From Illinois 19 deaths are reported, Wisconsin 29 and Iowa 37, total 83. Wisconsin seems to have felt the fullest force of the tornado. Reports indicate that fully 150 small towns suffered, more or less, and the aggregate property loss will, it is believed, foot up to \$1,000,000.

BADLY SCALDED.—Three-year-old Jesse Tubbs, son of Wm. Tubbs, of the Turnersville section, was badly scalded by falling in a tub of boiling water while at a neighbor's house. He was playing with the children and was knocked in by one of them. The little fellow is in a critical condition.

ANOTHER CHANCE FOR PATRIOTS.—Capt. J. C. Bryant, a Lincoln county boy, is raising a regiment for the 2d call, and very much desires a company from his old county to help compose it. This offers a chance for a capable and patriotic young man to raise a company and be its captain. Write to Capt. Bryant at Lexington, if you feel a desire for martial glory and want to see it with a captain's commission.

THE public school commencement exercises, Prof. E. L. Grubbs, principal, and Miss Annie McKinney, assistant, drew a large crowd to the courthouse Friday evening, and it proved a profitable and pleasant hour to all. Eld. F. W. Allen invoked divine guidance; the school sang America, and the orchestra, composed of Mr. and Mrs. A. G. Huffman, B. H. Danks and George DeBord, discoursed sweet music.

Wearen Hughes was salutatorian and he recited "The Curse of Regulus;" "Rest on Every Height," was given by Charles A. Wright; Lellius Reynolds declaimed "Bagley and Four at Cardenas;" Miss Georgia Alcorn read an essay on "Reputation;" Lawrence VanArsdale declaimed "The Southern Volunteer;" Jamie Carpenter "The Answer—His Northern Brother," and Miss Annie Neal, the valedictorian, chose "The Great Truths of Life" for her subject. Mr. Lucien Lewis in a very appropriate and finely worded speech then presented the diplomas, after which Prof. Grubbs made a happy little talk, which closed the program. The ushers were Messrs. Logan Hughes, Forest McClary, Dexter Ballou and Dewitt Grubbs. Prof. Grubbs asks us to say that the thanks of the teachers and patrons are tendered to all who contributed to the success of the exercises.

COOPER & CO. gave one of the best shows for the money ever seen here and a good crowd attended. There was no disturbance and but one arrest, a Crab Orchard man, who spent the night in jail for disorderly conduct.

PALMER.—Mrs. J. T. Palmer, who was a sister of Samuel Cochran, of this county, and a cousin of Messrs. T. D. and O. J. Newland, died suddenly at Richmond Saturday. Besides her husband she leaves two small children. The remains were interred in the Lancaster Cemetery Sunday afternoon, after services at the Presbyterian church by Rev. Henry N. Faulconer.

THE Second Regiment has been ordered to Chickamauga Wednesday and all of Capt. Duncan's company were given the right to a 48-hour furlough. Only 21 accepted, however, among them the following from Lincoln county: A. Dwight Root, Ashby McKee Warren, John G. Lynn, Arch M. Riffe, Albert Newland, V. H. Hall, John Gill and H. Rowan Sautley. The boys are in fine spirits, with enthusiasm not a whit abated by the prospect of going to the front. Camp life agrees with Mr. Sautley, who has gained several pounds since he got to eating Cincinnati chicken.

MT. VERNON.—E. C. Walton, who went up to attend Court, sent these items yesterday:

A pretty good crowd, including two patent medicine, saw court open this morning. The criminal docket is an unusually heavy one, there being a round dozen men to be tried for murder. The civil docket is light. Every thing is quiet here and the crowd is the soberest I've seen for years.

While handling a small rifle Saturday, Robert Welch, of Mt. Vernon, shot himself in the leg, the ball ranging downward and lodging in his foot. He is in a critical condition and the leg may have to be amputated.

HIGHWAY ROBBERY was very effectively punished at the whipping post at McKinney Friday. Fes Trice, a 15-year-old Negro, who has been before the courts several times and who is said to have been implicated in the attempted robbery of Mr. George Alford, followed Mrs. Melvin, who he saw get a check cashed at Jake Hummelstein's store, McKinney, and when some distance from town jumped in her buggy and secured her pocket-book. Mrs. Melvin's screams attracted John Baugh, who ran to her assistance and after a chase captured the little rascal. He was taken before Squire Coffey, who at the suggestion of the crowd, told the boy's father, Henry Trice, that if he would whip the boy till the squire said he had enough, he would not send him to jail. The father accepted the proposition and with a rawhide proceeded to wear the boy out, after making him shed his coat and vest. The licks fell fast and furious, the blood flowed freely, the boy begged piteously and promised faithfully, the squire called time and the crowd unanimously agreed that it was the best whipping and fullest atonement of a crime that they had seen in a long time.

DECORATION DAY.—Chief Marshal George H. McKinney announces that the G. A. R., ex-Confederates and ex-Union soldiers will unite in decorating the graves of the soldiers of the Revolutionary, Mexican and Civil wars, who are buried in Buffalo Springs Cemetery, next Monday, 30th. Warren & Shanks' store will be headquarters and those who wish to contribute flowers will leave them there by 12:30 P. M. decoration day, where Misses Essie Burch, Annie Alcorn, Mary Noel, Minnie Munday, Sudie Ellis, Susie Long, Mamie DeBord, Annie McKinney, Annie Bright, Anne Shanks, Belle Denny and Ellen Ballou will be on hand to take them in charge. The procession will form at 1:30 P. M. in front of the courthouse and at 2 the march to the cemetery will be commenced. Arriving there Rev. R. R. Noel will open the exercises with prayer; Judge M. C. Sautley, Elder Jos. Ballou and Col. T. P. Hill will deliver addresses. A choir will sing "Dixie" and "The Star Spangled Banner," and when the decoration is completed, Elder Ballou will pronounce the benediction. The Stanford Gold Band will furnish the music. Chief Marshal McKinney has appointed the following assistants: Confederates, Geo. W. DeBord, • P. Bright, G. S. Carpenter, Campbell Duncan and J. W. Alcorn; Federal, A. C. Carman, J. F. Rigney, J. T. O'Hair, J. W. Long and J. W. Adams.

MAKE VISITS SHORT.—Dr. J. G. Carpenter, of the Infirmary, asks us to say that visitors will be admitted only on afternoons of Tuesday, Thursday and Saturday, from 3 to 5, and that their visits must be limited to 20 minutes.

BIG CONTRAST.—When Marshal Newland, who is not much larger than a loaf of bread, made since wheat has gone so high, walked down the street Sunday with Cooper's giant, who is 7 feet tall, they created as much attention almost as the circus' baud wagon.

DEAD.—Logan R. Hughes received a dispatch yesterday from his uncle, M. D. Hughes, that his brother Thomas Varnon Hughes was dead and that he would arrive with his body at 1:27, Tuesday, when it would be taken at once to Rush Branch burying ground for interment.

THE Christian Endeavor Society, of which Prof. E. L. Grubbs was president, passed highly eulogistic resolutions, presented by Mr. J. S. Hughes, expressive of its appreciation of his consecrated services and high moral deportment and promised to follow him wherever he may go with their prayers.

IN MEMORIAM.

Died at Richmond, Ky., May 21, 1898, Mrs. Sallie Cochran Palmer, in the 37th year of her life.

The death of one so fairly loved has thrown an unusual gloom on the hearts of her many friends, dispelling bright dreams and teaching that this world can never give the bliss for which we sigh.

It is hard to realize the sad truth; that death has claimed her; that we shall see no more her pleasant countenance, or hear her kind words; but then it is only dust returned to dust and the lovely spirit of our sister has gone to God who gave it. The immortal part lives; what balm for bleeding hearts. Sallie possessed many admirable traits of character, her tender, sympathetic heart and unselfish nature bound her to all with whom she came in contact. It was this self-sacrificing disposition that bound her with strong ties to husband and children and we know indeed that their home now seems desolate.

God has taken her for purposes known only to Himself, while we can not understand the Providence, we can trust Him, for His promises and love. Only another treasure has been added to the house of many mansions. There at the foot of the throne she is waiting and we should wait in humble submission for the summons, which will unite her to us and then parting will come not and sorrow is unknown; therefore, murmur not, weep not, God doeth all things well.

"Life makes the soul Dependent on the dust; Death gives her wings To mount above the spheres. Is not the mighty soul The son of heaven? By tyrant life dethroned Imprisoned, pained? By death enlarged, Ennobled, deified? Death but entombs the body Life the soul." M.
